(at the Visitor Center)

Saturday, July 20th at 7:00PM

Recent Archaeological Research in the Rio Grande del Norte National Monument

Presented by Dr Emily Donald Brown

Emily and her research team have been contracted by the BLM to do archaeological surveys in the Rio Grande del Norte National Monument for the past several years. Having spent her childhood in northern NM, she has a special connection to the Wild Rivers area. We look forward to seeing what exciting discoveries have surfaced from the past.
